

Visit to the Dentist

Sometimes

I

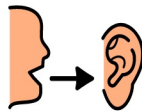

need to

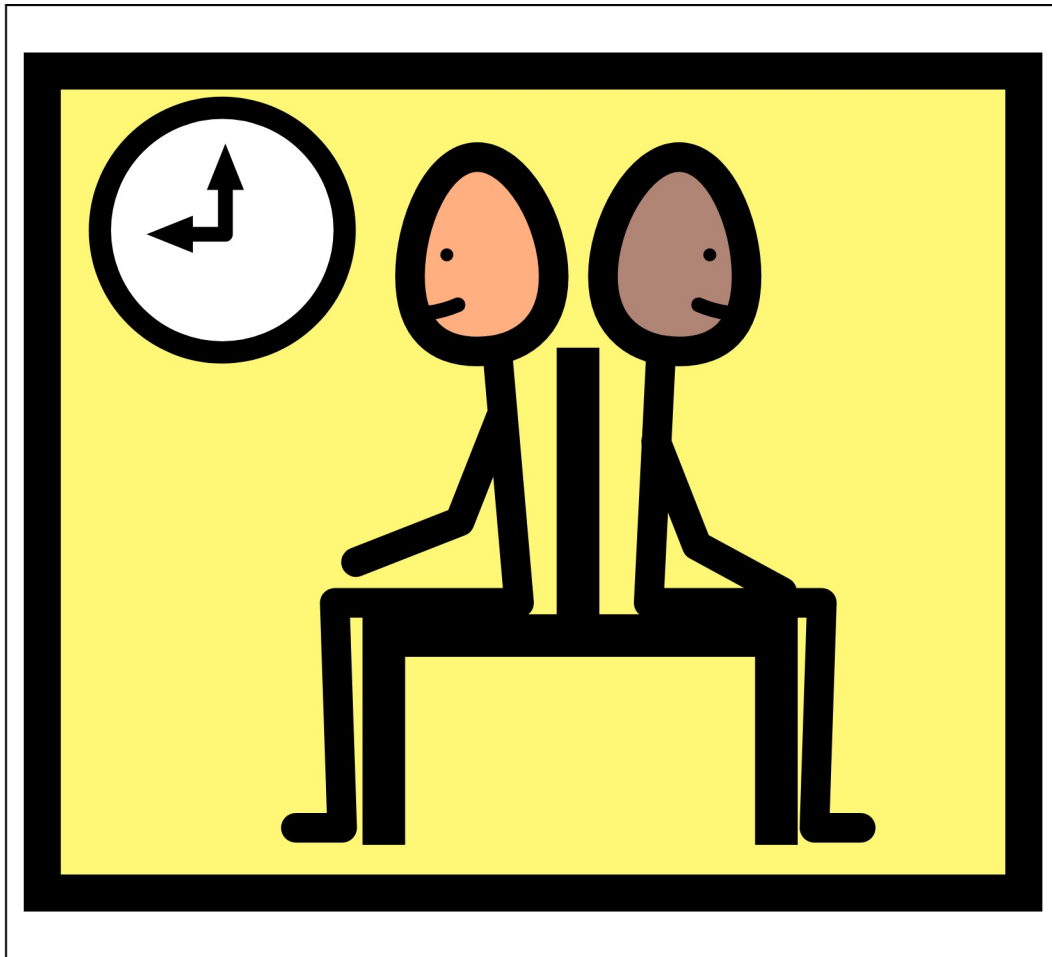

go

to the dentist.

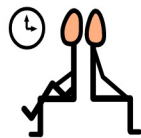

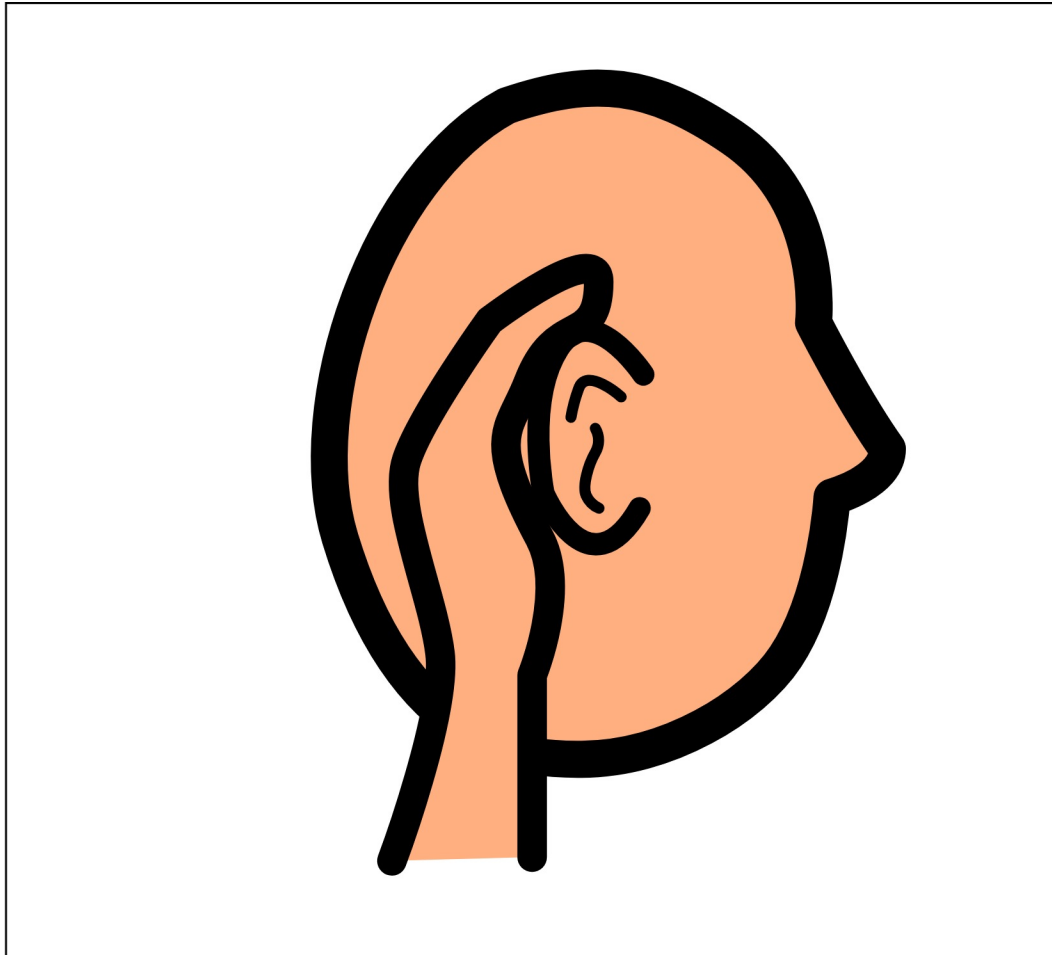

I say my name to the receptionist.

sit on a chair in reception.

wait

to

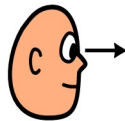

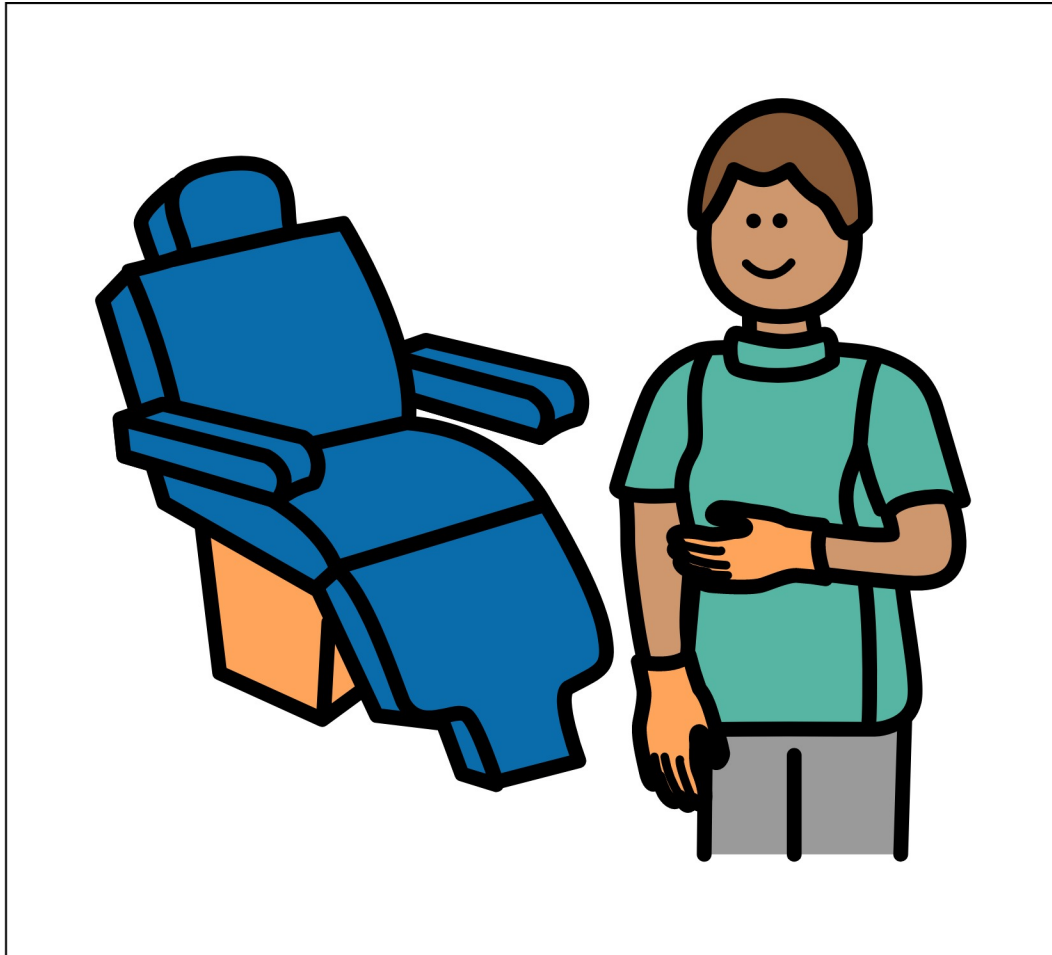

hear

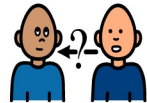

my

name.

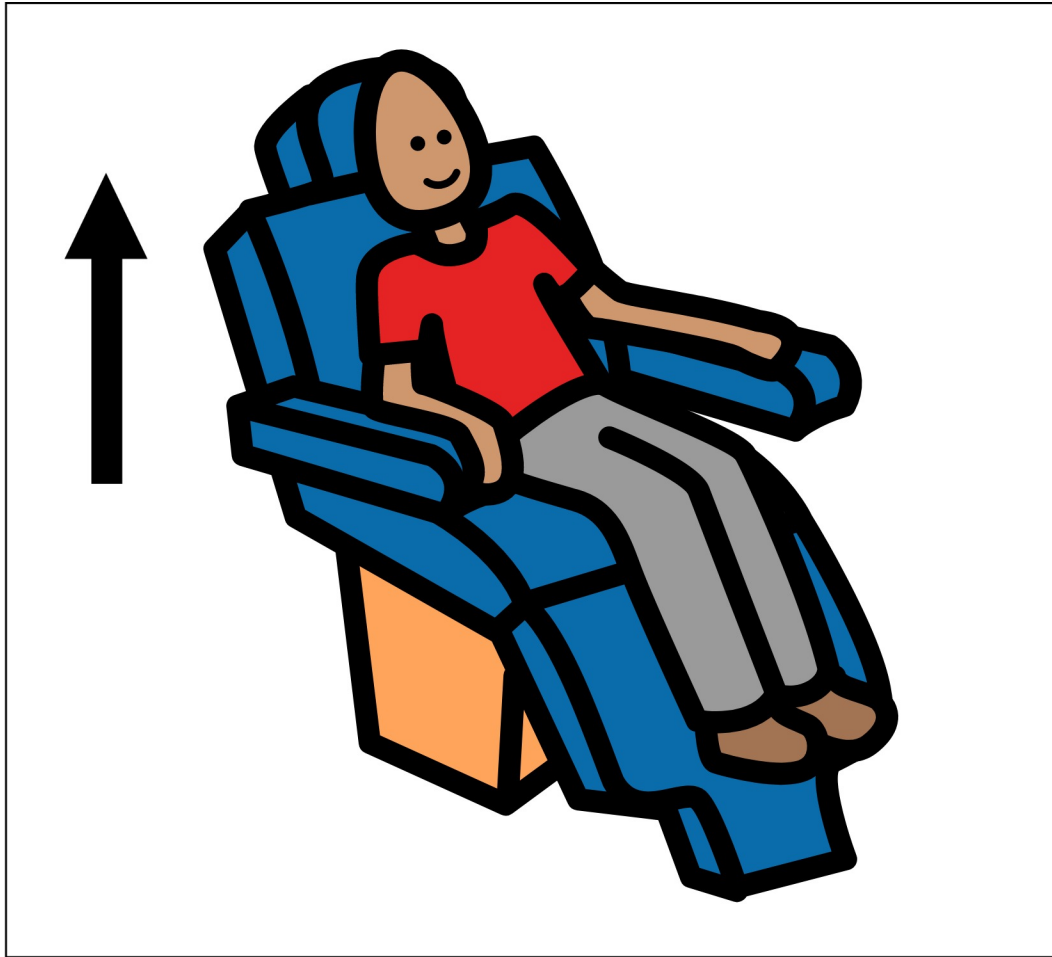

I walk to see the dentist.

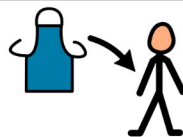

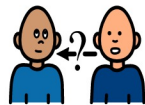

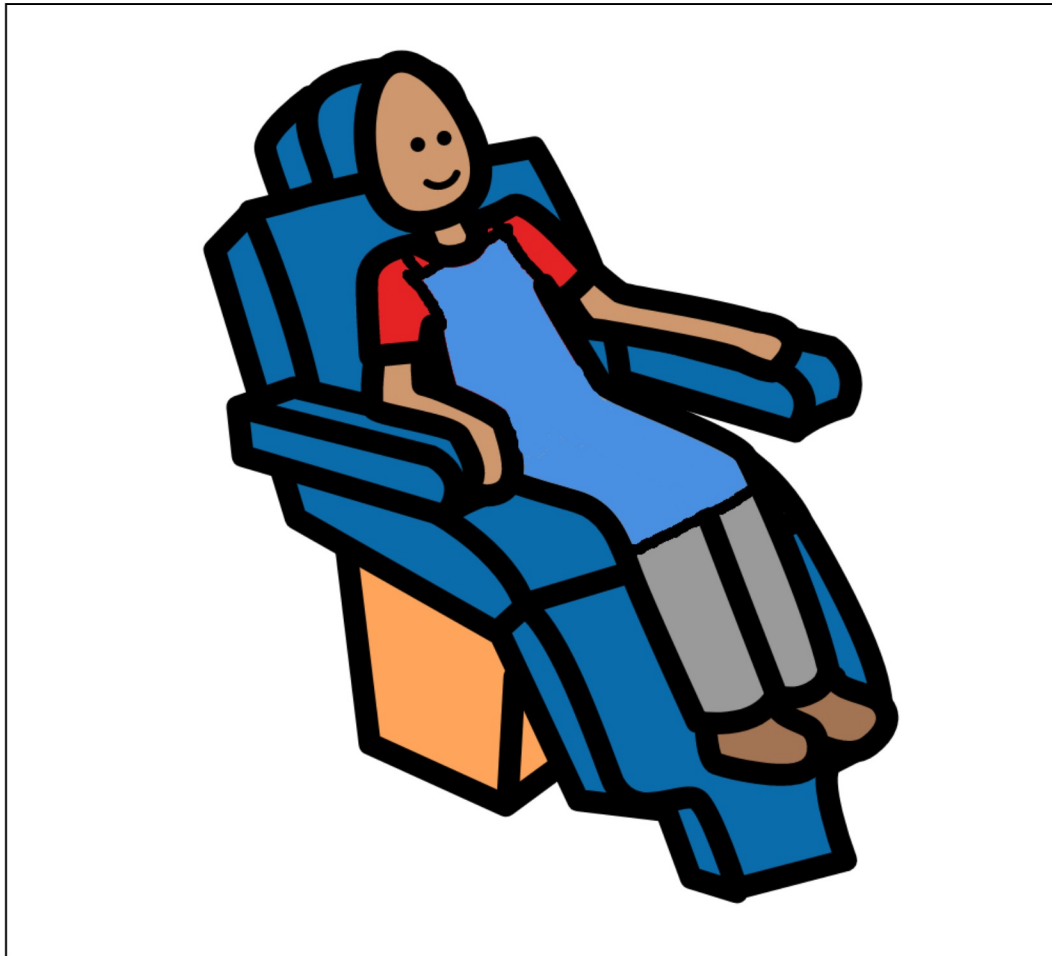

The dentist will ask me to sit in the big

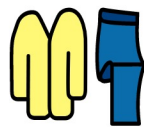

chair.

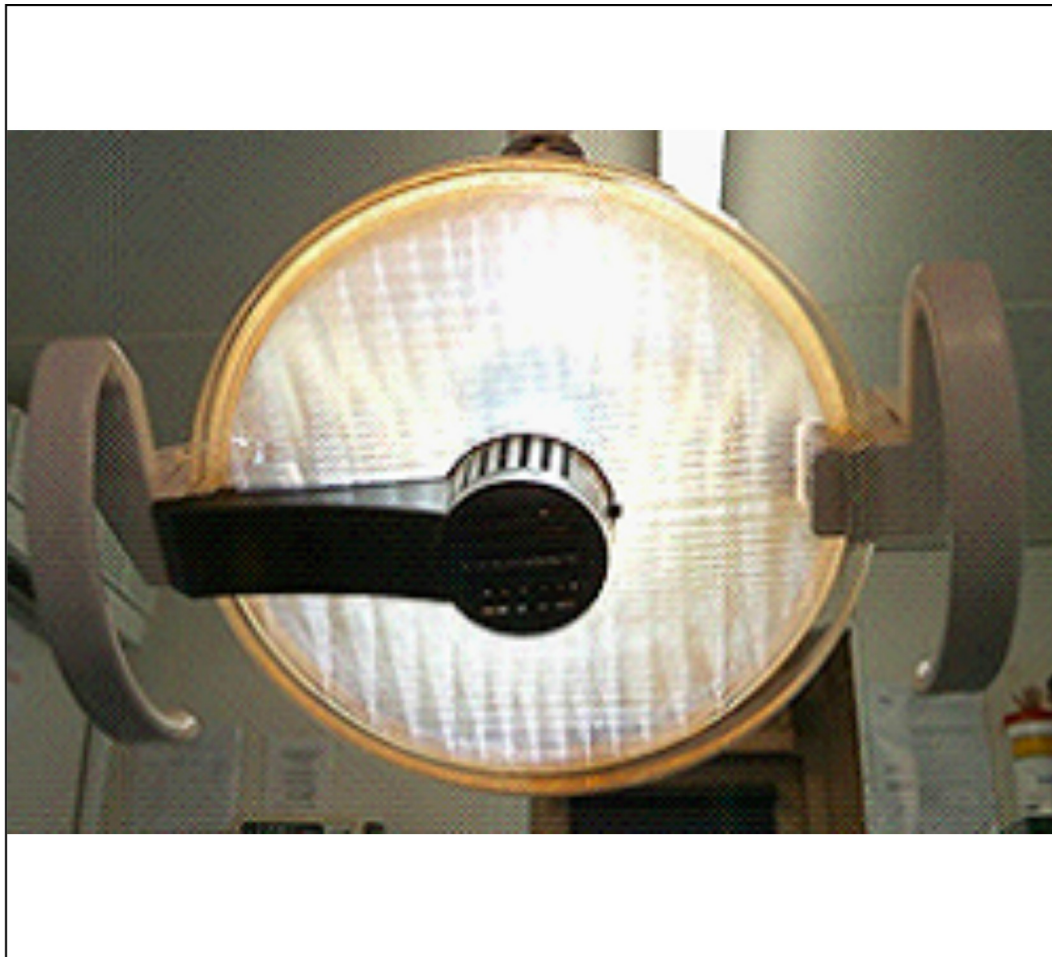

The chair is fun . It goes up and down.

The dentist might ask me to wear an apron.

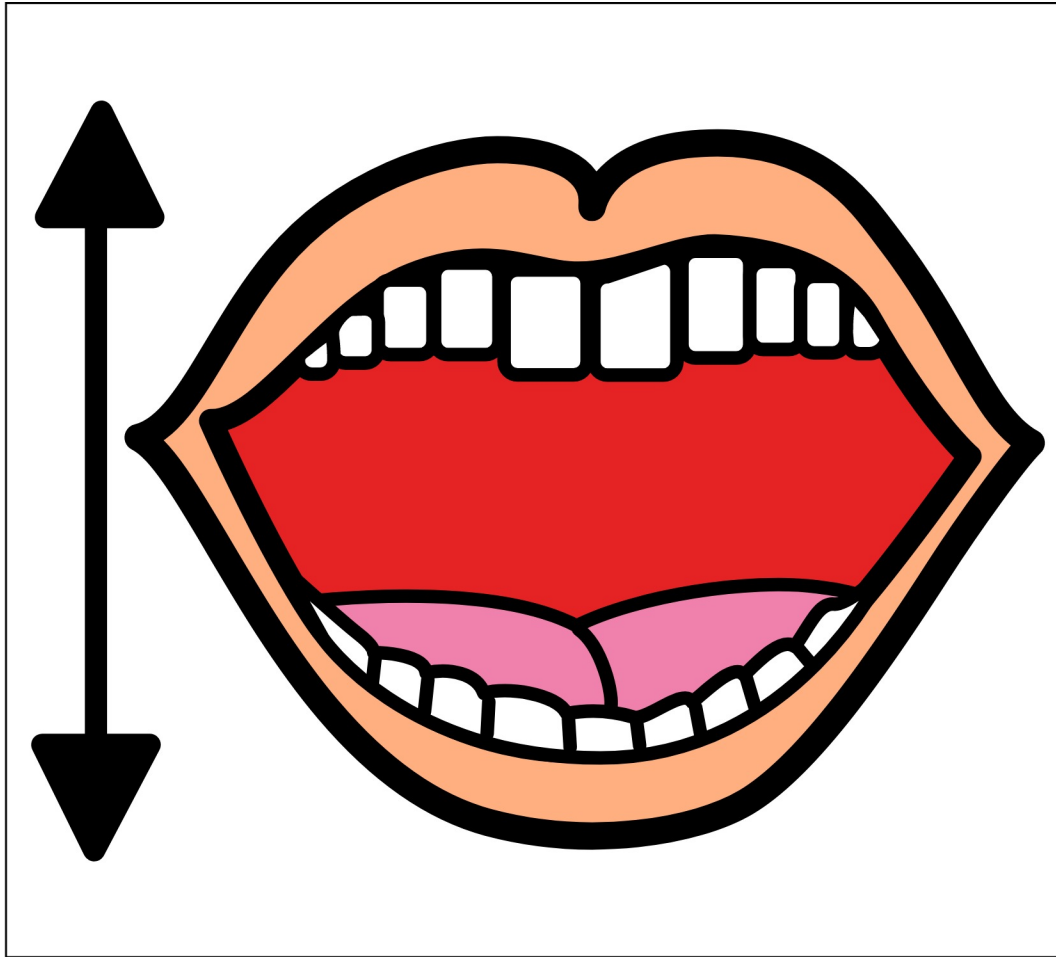

This will keep my clothes clean.

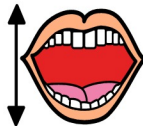

The dentist will switch on a bright light.

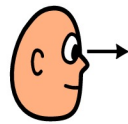

If  I  don't like it  I can close  eyes.

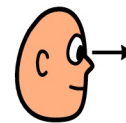

I will open my mouth and keep still .

The dentist will look in my mouth.

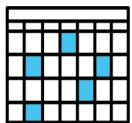

The dentist will use some tools to look at my

teeth.

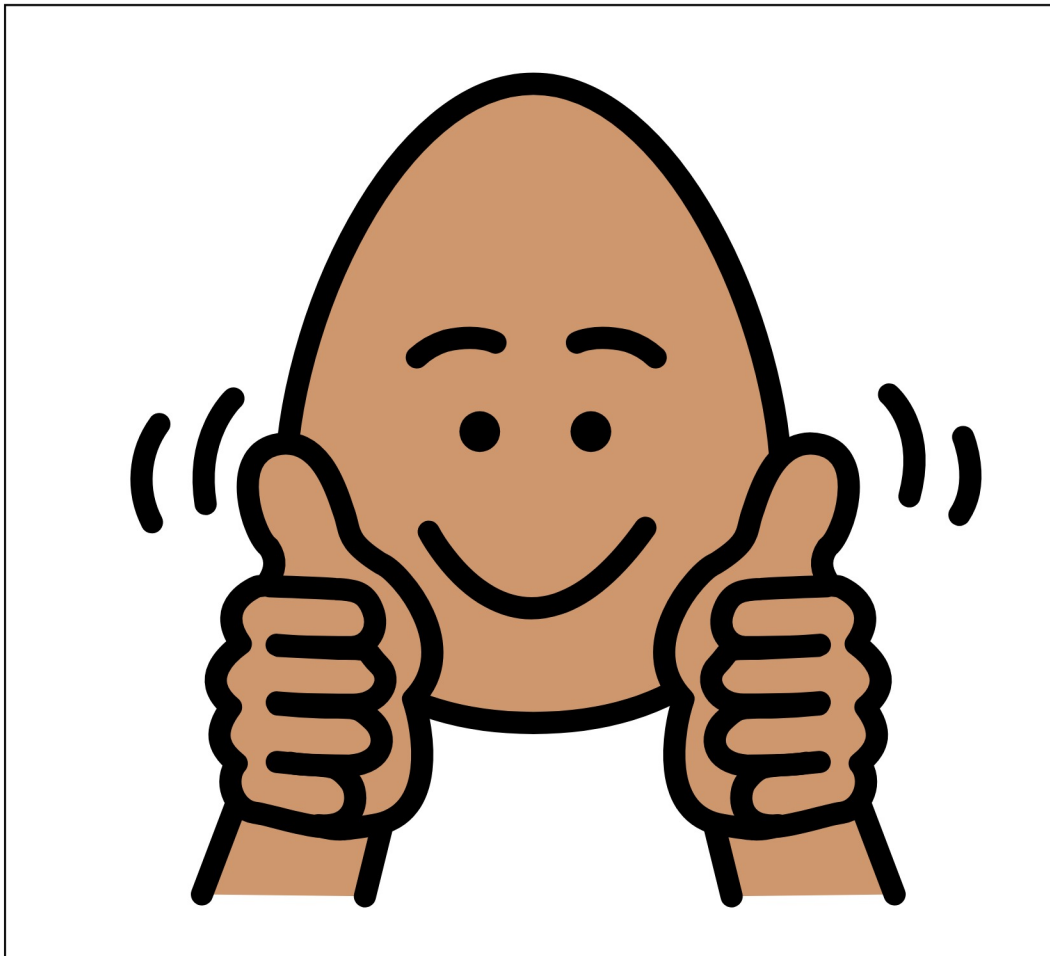

Sometimes the dentist will need to use the tools

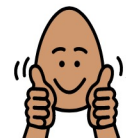

to help if a tooth is hurting.

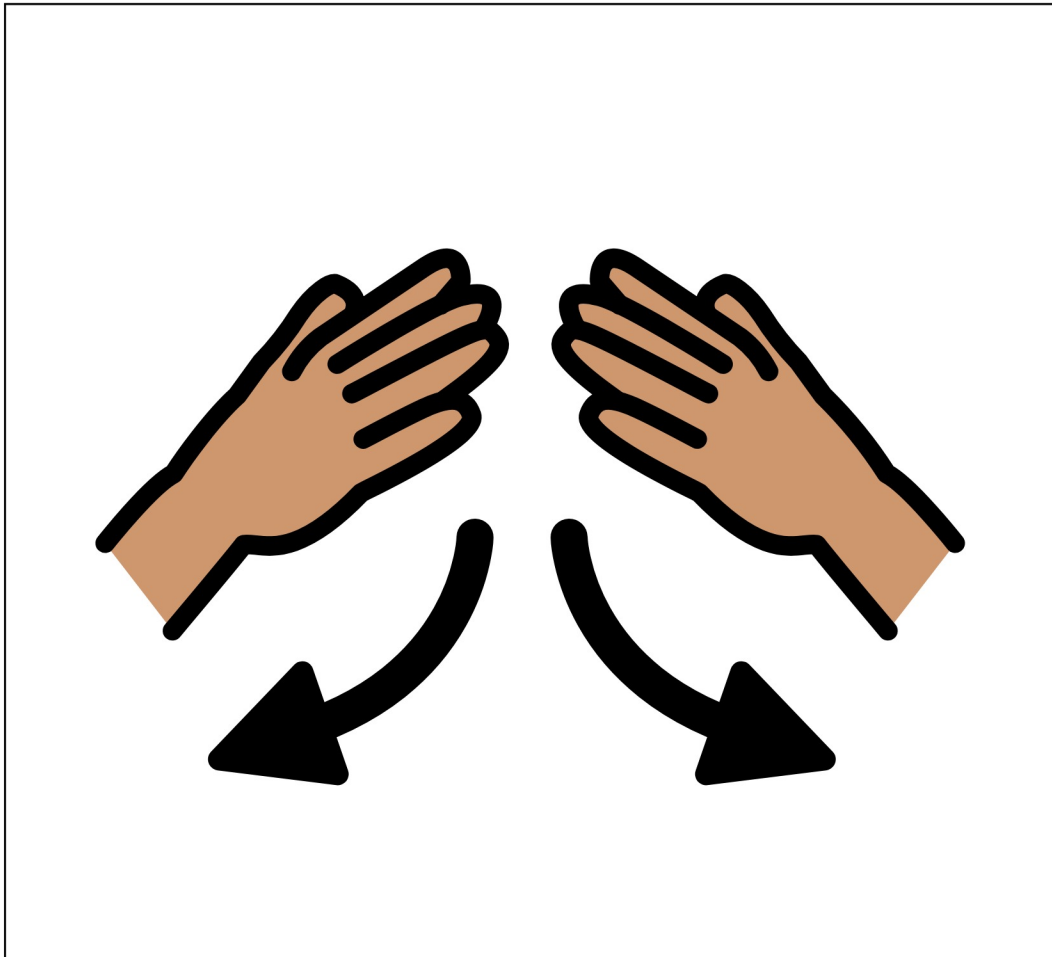

This is okay.

I might get a sticker. Well done.

Dentist is finished.
