

Why

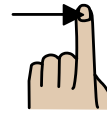

do

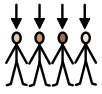

we

cut

nails

Everyone

has

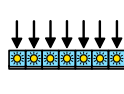

nails.

Nails

grow

every day.

When

nails

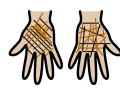

get

long

they

get dirty.

When

nails

get

long

they

can

scratch.

It is important to

cut

our

nails.

Short

nails

stay

clean.

Short

nails

don't scratch

It is important to

cut

our

nails

short.

Well done.
